

Rowan House Needs Your Help

At Rowan House Emergency Shelter, our goal is to provide women and their children a safe environment that nourishes feelings of self-worth, lends an opportunity for healing and personal growth, and provides temporary housing while facilitating transition back into the community. It is our intention to provide women and their children with services to foster coping skills that lead to a life free of violence.

We serve the rural Foothills including the communities of Okotoks, High River, Black Diamond, Turner Valley, Longview, Blackie, Nanton, Vulcan, Claresholm, and the surrounding areas. Women can also access our services from any rural or urban centre.
