

## Raising Funds for the NEW Rowan House Emergency Shelter.

***Ever since "Shine" was published I have had a great desire to connect with a Charity that could benefit both from the contents and the proceeds of my book.***

Having personally experienced the care, support and protection of a "Women's Shelter" many years ago (as shared in my book) I have partnered with the Rowan House to help raise funds for their new facility. Books will be sold through Rowan House for \$21.00 of which **\$20.00 from every sale** will go directly to this campaign. It is my pleasure to provide 5000 copies in hopes of raising \$100,000 for this campaign.

Shine is a book about "Self Discovery" and creating a life of happiness and fulfillment no matter what your circumstances are or have been. It is especially helpful for people in transition whether you are a young adult or a senior citizen. The stories are mostly of a biographical nature and the workbook included was created to help people move forward in their lives with purpose and passion.

*"Being able to access the protection and resources of a Woman's Shelter at the age of 24 forever changed (and may have very well saved) my life and my children's lives (aged 2 and 3). It was a new beginning that offered us hope and the support we needed to rebuild a life that had been devastated by both emotional and physical abuse. As I look back I will be forever grateful and sometimes find it hard to believe "how beautiful my life is today" compared to that turning point some 23 years ago" Cheryl*
